THE REVOLUTION HAS SET SAIL

HELLO!

As you might expect, when there is buzz in the travel industry (especially if it reaches NBC and The NY Times), we can't wait to share it with loyal, avid clients and potential

NBC and The NY Times), we can't wait to share it with loyal cruise clients and potential new cruisers!

One of our partners, Celebrity Cruises, has long been known as a modern luxury brand, pushing the cruise industry forward with their stunning fleet. But with the launch of a new ship, they have once again made breakthroughs in design. Rather than striving to be the largest or most luxurious vessel at sea, *Celebrity Edge* is among the most modern- both in innovation and in glamour. In fact, she has already been voted Best New Ship by the editors of Cruise Critic!

We've gathered a few details for you below that you may find interesting, including a *Celebrity Edge* promotion that we are happy to extend to you.

## CELEBRITY EDGE FEATURES FROM ENDOSKELETONS TO MAGIC CARPETS

This brand new \$875 million ship was fully designed using 3D technology, allowing engineers to push the boundaries of what is possible while still creating a stable ship that can withstand the high seas and winds. In fact, the ship's innovative endoskeleton design

shifts the spine of the ship to the center, where previous cruise liners have relied on centuries-old shipbuilding principles that require a solid hull to hold the vessel together. Amazing, right?

Here are additional features we love about Celebrity Edge:

### **Staterooms:**

- Because the innovative design opens up the ship's sides, staterooms offer maximum light, floor-to-ceiling windows and “infinite verandas” with amazing unobstructed sea views
- Staterooms on Celebrity Edge are 23% larger than current staterooms on other Celebrity Cruises ships
- The ship features new "Single Staterooms," designed for modern travelers who love to explore the world on their own
- There are 178 possible options to connect staterooms, making it incredibly easy for friends and families to travel together in modern luxury

### **Onboard:**

- You might notice a quieter atmosphere onboard, which is due to the ship's stability and use of 3x thicker steel than previous ocean ships
- 100% wi-fi coverage... enough said!
- The ship offers 29 unique food and beverage experiences crafted by a Michelin-starred chef
- The Magic Carpet (pictured above) is a 1,937 square foot platform (about the size of a tennis court) painted in a vibrant tangerine that moves up & down the side of the ship, from deck 16 (at the top) down to deck 2. This feature started as an idea to improve the tender experience at ports where the ship can't dock, and now, guests can relax on designer couches and lounge chairs somewhat akin to Nikki Beach. The Magic Carpet also moves as a restaurant with a special dinner offering a different view over the water as well as an extension of the pool deck.

## THE MAKING OF EDGE HOW THE SHIP WAS CREATED

Love learning new things? Check out a 30 minute Edge documentary video called The Making of Edge that aired on NBC earlier this month, hosted by Nate Berkus. It offers an insider's look at the creation of Edge and the designers who brought her to life over two years of construction.

WHERE CELEBRITY EDGE SAILS

## CARIBBEAN & EUROPE CRUISES

Celebrity Cruises offers 7-night sailings through both Eastern and Western Caribbean destinations. Wish you could see it all? We'd suggest booking two back-to-back sailings for a 14-night journey! At each port, there is a variety of "Edge Exclusive" shore excursions. Board a luxury catamaran for tropical discoveries at a starfish sanctuary in Cozumel, experience a day of VIP treatment on The Bahamas' beautiful Blue Lagoon Island, or enjoy a Sunset Helicopter Tour and Champagne as you soar over the skies of Puerto Rico... just to name a few.

In Europe, you'll appreciate how the ship's outward facing design allows you to feel even more connected to the sea and the exciting Mediterranean ports you'll visit. Consider a journey that sails for 7 nights to Italy, France, Monaco and Spain or perhaps an 11-night itinerary focused on Santorini, Athens and Mykonos.

We'd be happy to pair you with an inspiring itinerary that brings travel dreams come to life.
